

Home

Based in the port of Tarifa, and Marina Rubicon, Lanzarote, ACTIVE SEA offers a variety of sailing activities. Training, skippered and bareboat charter, excursions and "à la carte" routes are available. The Strait of Gibraltar is famous for it's windy conditions, strong currents but also for the fantastic setting between two continents. Lanzarote has steady tradewinds and year around nice temperatures.

Our yachts, manufactured by wellknown shipbuilders like Hanse Yachts and Elan Marine, together with our experienced skippers, guarantee an unforgettable sailing experience along the coast of southern Spain and around the Canary Islands.
